

TransTech™ III+ Automatic In-line ATF Exchanger

Part# 500-1100B, 500-1100BNA and 300-4110

Part No. 500-1100B

TransTech™ III+ Automatic In-line ATF Exchanger

The TransTech™ III+ is a professional in-line automatic transmission fluid cleaning, exchange and conditioning system with automatic flow direction technology and our exclusive in-line injection system. Now there are more reasons to make MotorVac® your number one choice for automatic transmission exchange equipment.

Features and Benefits

- Automatic flow direction switch with anti-backflush filtration: connect and press start, the TransTech™ III+ senses and adjusts flow direction automatically.
- In-line treatment injection system: injects ATF flush and treatment quickly and easily.
- Expanded in-line adapter assortment: More European, Asian and North American adapters are now available.

Continued Benefits:

- The “One Touch” electronic controls are easy to use and provide feedback during the service.
- “Drain Pan” feature makes transmission filter change quick and convenient.
- “Smart” control system includes audible low fluid indication and automatic bypass at end of service.
- High volume waste fluid pump and dedicated hose for fast waste fluid evacuation.

TransTech™ III+ Automatic In-line ATF Exchanger

Part# 500-1100B, 500-1100BNA and 300-4110

In-line Starter Service Kit

The new in-line starter kit allows the cleaner and protectant to be introduced directly into the transmission cooler system. Applies the service chemicals in the most effective way.

The MotorVac® Starter Service Kit contains a 240mL/8oz cartridge of system cleaner and 240mL/8oz cartridge of ATF universal protectant. The cleaner is specially formulated to effectively disperse and suspend contaminants, promoting a more thorough fluid exchange. The protectant helps improve ATF performance and longevity. These products are added to the system through our in-line injection system that includes an injection gun and in-line adapter.

TransTech™ III+		
Part #	Description	Contains
500-1100B	TRANSTECH™ III+ WITH ADAPTERS	ADAPTER KITS PART#200-3100A AND PART# 200-3101A
500-1100BNA	TRANSTECH™ III+ WITHOUT ADAPTERS	N/A
Adapter Sets		
200-3100A	ADAPTER KIT TRANSTECH™ (STANDARD)	SEE ADAPTER GUIDE*
200-3101A	ADAPTER KIT TRANSTECH™ (DELUXE)	SEE ADAPTER GUIDE*
